Hi brother

Can I ask if you can assist with the following task for the webpage:

<https://www.britishpassportsuk.co.uk/second-british-passport-application.html>

Please can you add the content as per the document attached along with a table (using the same text, style, look, font size as the current webpage), and place the text in it into the location as shown below. Please note that I am looking for a simple neat layout similar to:

<https://www.visagenie.co.uk/india/e-tourist-visa>

Text to be inserted into:

What We Do

We have a simple objective - to help business clients get their second UK passport easily and effectively. We have been doing this since 2007 and have helped 1000s of clients.

However if you can take a back up of this page just in case we need to revisit and reinstall it?

3. I want to place the page: <https://form.jotform.com/242945080649060>, as a specific page on the website, therefore are you able to create a very

Please can you use the jotform code, and use a template of the page with just the cover fold (see below)

and then use the jotform iframe to insert the form onto the bottom of the page.

Please have this page as:

www.britishpassportsuk.co.uk/application-forms.html

Embed code: `<script type="text/javascript" src="https://form.jotform.com/jsform/242945080649060"></script>`

Also, iframe:

```
<iframe
  id="JotFormIFrame-242945080649060"
  title="Second UK Passport Questionnaire & Qualification Form"
  onload="window.parent.scrollTo(0,0)"
  allowtransparency="true"
  allow="geolocation; microphone; camera; fullscreen"
  src="https://form.jotform.com/242945080649060"
  frameborder="0"
  style="min-width:100%;max-width:100%;height:539px;border:none;"
  scrolling="no"
>
</iframe>
<script src="https://cdn.jotfor.ms/s/umd/latest/for-form-embed-handler.js"></script>
<script>window.jotformEmbedHandler("iframe[id='JotFormIFrame-242945080649060']", "https://form.jotform.com/")
</script>
```
